Window & Door Awnings

Custom, All-Aluminum construction. Offering a variety of window awnings and door canopies, Dacraft™ has a style that's just right for you!

ANGEL WING

A classic awning style, the Angel Wing has smooth lines to compliment and protect windows, doors & porches. The Angel Wing is offered in many different color combinations to perfectly match your home!

VIEW-THROUGH

These beautiful, see-through awnings allow natural daylight into your home while blocking out harsh sunlight and harmful ultra-violet rays. Permits gentle breezes to flow through while protecting your home from the sun's glare.

STEP-DOWN

This stylish, horizontal design gives your windows and doors total protection from the sun and rain. The vertical decorator stripe is available in a variety of complimenting colors, and the scalloped trim completes the look.

SHIELD-ALL

A solid, curved awning that completely protects your doors, windows and other openings from the sun, rain and wind. Trimmed in a variety of colors to compliment your structure, it will surely add years of life to your windows and doors!

REGENCY

Create a beautiful and classic look that will perfectly compliment your windows and doors with Dacraft's™ Regency awnings. This elegant awning style features open sides with sturdy, yet decorative scrolls.

TRUE ARCH

Radiused and fashionable, the Dacraft™ True Arch awning is a favorite for those looking for a modern awning! It is extremely sturdy and appealing, and offers considerably more privacy than some traditional awnings.
